LIGHTFASTNESS

- +++ = at least 100 years lightfast under museum conditions
  - ++ = 25 - 100 years lightfast under museum conditions
  - + = 10 - 25 years lightfast under museum conditions
- The lightfastness has been tested in accordance with ASTM Standards D4303.

All products have been developed by **Royal Talens**; reliable products with guaranteed quality based on more than 150 years of experience.

Talens Art Creation oil colour is available in 36 colours. These colours are available separately in tubes of 40ml and 200ml. Complete sets are also available of 12ml tubes with 8, 12 or 24 colours.

# OIL COLOUR

For the artist in you.

Some degree of painting talent hides within all of us. Regardless of the type of paint you choose and what you are planning to paint, you can simply pick up a brush and discover your own creative possibilities. All you need is good material to work with.

But above all: dare to try. Good luck!

In addition to oil paint, Talens Art Creation provides various other techniques such as acrylic paint, water colour and gouache. But as an artist you, of course, need more than just the right paint. Talens Art Creation provides auxiliary products that are useful for all artists. These include canvases, brushes, painting accessories and artists' easels.

Oil paint has a number of unique properties. The paint dries very slowly which allows you to 'play' with it for a long time. In other words: you can continue correcting your work and carry on painting for quite some time. Oil paint has the unique property of drying precisely as it has been applied; for example a brush stroke when dry is as sharp as it was when first applied. In addition, oil paint is the only paint of which the colours do not become darker or lighter when drying. You know precisely what you get.

Oil paint is a traditional paint that has been used since the 15th century. It is a versatile paint with which you can paint both thinly and very thickly. The paint is made from pigments and vegetable oils. The oil gives the paint its characteristic appearance and intense colours, and ensures that the paint is easy to use.

On [www.royaltalens.com](http://www.royaltalens.com) you will find comprehensive information and inspiration to help you on your way. You can find, for example, step-by-step plans, information on mixing colours, different painting techniques, etc.

For the artist  
in you.
